# Foreword

Joyful times with many exciting experiences have filled this, our last year at P. S. Jones High School. The basic idea in producing the JOHISCO has been to preserve these memories.

This yearbook portrays those of us here who are involved in the many activities of the 1966-67 school term. It represents the efforts of a dedicated staff and advisors, who worked long and hard trying to create for you a book to be treasured with your memoirs.

In thumbing through the pages of the JOHISCO, we, the staff, sincerely hope that you will find the time you spend most enjoyable.

The Editors

By Albert E. Williams

Hail to our school, it is the finest in our dear land,  
We'll be ever true and for her always we'll take our stand  
And when our work and play here must end,  
We'll carry the banner onward with us,  
Because we will for ever love thee our dear ole P. S. Jones High School.  
We look to thee to be for ever our constant guide,  
For P. S. Jones High School our hearts will always swell with pride.

### *His Message*

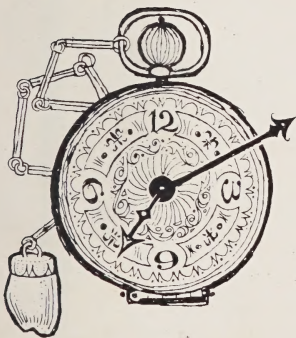

I have an unfaltering faith in the seniors of P. S. Jones High School. When I ask you to buckle down to sincere study and to present the image of an intelligent and growing student body, you respond graciously. Your attitude encourages me, your parents, patrons of the school, and the faculty. We are eternally grateful to you.

Our society demands of every man and woman a worthwhile contribution to its growth. Let that be your goal. My faith in you remains firm. I feel that each one of you will continue to hold the torch of dedicated service as high as a beacon light for those who come after you.
